Dear [Name],

I run Llama Commercial, a commercial cleaning company based in Hackney. We clean offices, schools, churches, shops, gyms, factories, communal areas and car parks across London, and we look after carpets and hard floors.

Every contract starts with a site visit and a written specification, so you know exactly what gets cleaned, how often and by whom. We send the same cleaners each visit, and we walk the site with you every month.

If it would help, I'd be glad to visit [site name] and send you a written quote. You can reach me directly on 07000 000000.

Kind regards,

Diesel
